ABOUT COMPANY

ERGOOFIS INDIA, a leading office furniture and seating systems manufacturer in Chennai, has over 15 years of manufacturing excellence backed by five decades in the Indian furniture industry. Starting as a dealer and later moving into retail, the company gained deep customer insights before setting up its own manufacturing unit in 2004.

As one of the pioneers in producing 100% Indian-made office furniture, ERGOOFIS stood firm against low-cost imports by investing in R&D to offer high-quality, affordable alternatives. Today, the company is doubling production capacity with a 100,000 sq. ft. state-of-the-art facility, advanced machinery, and an in-house testing lab to ensure international quality standards.

Committed to quality, innovation, and customer satisfaction, ERGOOFIS proudly supports the MAKE IN INDIA initiative and continues to drive the vision of "Be Indian, Buy Indian," contributing to India's growth and self-reliance

One of India's
First BIS certified

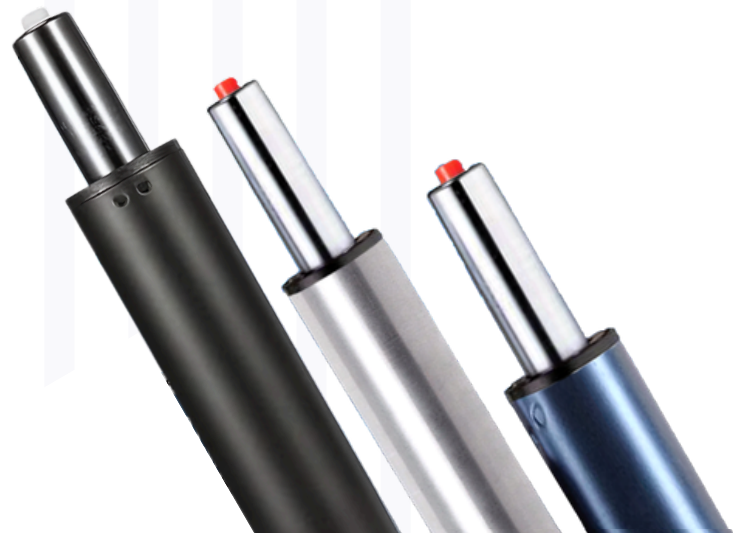

OUR VISION

To create world class seating system that guarantees comfort & peace of mind through continuous innovation.

Our mission is to blend cutting-edge technology with ergonomic design, ensuring that every seat not only meets but exceeds the highest standards of comfort. By integrating advanced materials and smart features, we strive to provide an unparalleled seating experience. Each product is meticulously crafted to support your body in perfect alignment, reducing strain and enhancing relaxation.

We believe that true innovation comes from listening to our customers and understanding their needs. That's why we engage in constant research and development, embracing feedback and implementing improvements that make a real difference. Our commitment extends beyond just physical comfort; we aim to create a holistic experience that fosters well-being and tranquility in every environment, whether it's a home, office, or public space.

Join us on this journey to redefine comfort, where every detail is thoughtfully considered, and every component is designed with you in mind. Together, we can build a future where comfort and peace of mind are not just aspirations, but everyday realities.

MUKESH GUNDESHA

JOURNEY OF THE VISIONARY

Mukesh Gundesha embarked on his professional journey in 1996 after completing his Bachelor of Commerce degree. He began his career at Shanti Furniture in Chennai, where he gained hands-on experience in sales, developed a strong understanding of customer behavior, and acquired deep insights into the furniture industry—laying the groundwork for his entrepreneurial aspirations.

Driven by a passion for quality and innovation, Mukesh soon turned his focus to the niche segment of office furniture and gas lift manufacturing. With a clear vision and unwavering determination, he established ERGOOFIS INDIA—a venture that quickly grew into a leading name in ergonomic office furniture and high-performance gas lifts.

Today, Mukesh Gundesha is recognized as a prominent figure in India's furniture manufacturing sector. Under his leadership, ERGOOFIS INDIA has earned a reputation for superior craftsmanship, customer satisfaction, and continuous innovation—marking his inspiring journey from sales executive to industry leader.
